PLANT EVERGREENS THIS FALL

Fall is considered one of the best times to plant evergreens and broadleaved evergreens in the Great Plains Region. Evergreen planting can begin about September 1st and continue until the ground freezes solidly.

PLEASE REFER TO OUR SPRING 1961 CATALOG on pages 1,2,3,4,5 and 6 for the complete descriptions and prices of the evergreens we grow right here in Salina.

We do not recommend the planting of Black Hills or Colorado Blue Spruce, Mahonia or any type of bare-root evergreens in the fall.

FERTILIZERS, SPRAYS, GARDEN SUPPLIES:

PLEASE REFER TO OUR SPRING 1961 CATALOG on pages 42 to 48. Here you will find listed the most complete selection of garden supplies, sprays, repellants and fertilizers offered in our area.

Of special interest in the fall are the fertilizers since fall is one of the most important times of the year for application of fertilizer to your Bluegrass lawn. Also, soil conditioners, such as Horticultural Peatmoss, are best applied in the fall. Of extreme importance is the application of Rabbit repellants to your valuable plants to prevent damage through the winter months.

HOW TO ORDER:

ALL ITEMS MARKED MAILABLE: please add 10% for postage and packing. These items will be sent to you by way of parcel post unless ordered along with items marked NOT PREPAID.
